SEMI-ANNUAL REPORT MARCH 31, 2023

UNUSUAL WHALES SUBVERSIVE CONGRESSIONAL TRADING ETFS

Fund Performance

During the period since inception starting February 6, 2023, ending March 31, 2023, the Unusual Whales Subversive Democratic Trading ("Democratic Trading Fund") returned 0.84% and the Unusual Whales Subversive Republican Trading Fund ("Republican Trading Fund") returned -2.67% while the S&P500 (the "index") returned 0.28% during the same period.

The Republican Trading Fund holds what Republican members of congress hold and is more widely diversified in both concentration and sectors than the Democratic Trading Fund holdings. Republicans generally hold more energy stocks among the top holdings while Democrats hold technology and computing among the top holdings.

Both Funds' performance reflects that difference in holdings, and we do not expect those holdings to vary widely. What will matter is the relative allocation to different names as more members of congress accumulate more or divest more in particular sectors or individual names.

One interesting qualitative aspect we have noticed is members of congress do appear to be trading less frequently than in the past now that this has become a bit more public. Whether that narrative holds over longer time periods is yet to be seen but we like to think members are thinking more about the implications of trading in public. We have also noticed members of congress are reporting their trading activity much sooner now than is required by law.

Looking Forward

While I monitor the legislation around the banning of congressional trading closely, I still believe Congress has little incentive to act in the best interest of the country and compromise is impossible. However, should a ban be put in place, that will likely apply only to a future session of Congress with at least a year, if not multiple years, notice and will have no immediate impact on fund operations.

The views in this report were those of the Author as of March 31, 2023, and may not reflect their views on the date that this report is first published or anytime thereafter. These views are intended to assist shareholders in understanding their investments and do not constitute investment advice.

UNUSUAL WHALES SUBVERSIVE CONGRESSIONAL TRADING ETFS

Important Risks:

There is no guarantee that the Adviser's use of investment techniques and risk analyses to make investment decisions will perform as expected.

Investing involves risk including possible loss of principal. It is possible that legislation or regulation could be enacted that limits, restricts or prevents United States Congresspeople and/or their spouses from personal securities trading. Legal, tax and regulatory changes could occur that may adversely affect the Fund and its ability to pursue its investment strategies and/or increase the costs of implementing such strategies. Government regulation may change the manner in which the Fund is able to implement its principal investment strategy. Government regulation may change frequently and may have significant adverse consequences for the Fund or its investments. It is not possible to predict fully the effects of current or future regulation.

A high portfolio turnover rate has the potential to result in the realization and distribution to shareholders of higher capital gains, which may subject you to higher tax liability. High portfolio turnover also necessarily results in greater transaction costs which may reduce Fund performance.

Distributor: Quasar Distributor, LLC.

EXPENSE EXAMPLE (UNAUDITED) MARCH 31, 2023

As a shareholder of the Unusual Whales Subversive Congressional Trading ETFs, you incur two types of costs: (1) transaction costs, including broker commissions on the purchases and sales of Fund shares, and (2) ongoing costs, including management fees and other Fund specific expenses. The expense example is intended to help the shareholder understand ongoing costs (in dollars) of investing in the Funds and to compare these costs with the ongoing costs of investing in other mutual funds. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the most recent period.

The Actual Expenses comparison provides information about actual account values and actual expenses. A shareholder may use the information in this line, together with the amount invested, to estimate the expenses paid over the period. A shareholder may divide his/her account value by \$1,000 (e.g., an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number in the first line under the heading entitled "Expenses Paid During Period" to estimate the expenses paid on his/her account during this period.

The Hypothetical Example for Comparison Purposes provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses paid for the period. A shareholder may use this information to compare the ongoing costs of investing in the Funds and other funds. To do so, a shareholder would compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of other funds.

The expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as brokerage commissions paid on purchases and sales of Fund shares. Therefore, the Hypothetical Example for Comparisons Purposes is useful in comparing ongoing costs only and will not help to determine the relevant total costs of owning different funds. In addition, if these transactional costs were included, shareholder costs would have been higher.

Unusual Whales Subversive Democratic Trading ETF

	Annualized Net Expense Ratio (3/31/2023)	Beginning Account Value (2/6/2023)	Ending Account Value (3/31/2023)	Since Inception ⁽¹⁾ (2/6/2023 – 3/31/2023)

Notes to the Financial Statements (Unaudited) March 31, 2023

1. ORGANIZATION

Series Portfolios Trust (the "Trust") was organized as a Delaware statutory trust under a Declaration of Trust dated July 27, 2015. The Trust is registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as an open-end management investment company. The Unusual Whales Subversive Democratic Trading ETF ("Democratic Trading Fund") and the Unusual Whales Subversive Republican Trading ETF ("Republican Trading Fund") (each separately a "Fund," or collectively, the "Funds") each has its own investment objectives and policies with the Trust. The Funds commenced operations on February 6, 2023. The Funds' investment adviser, Subversive Capital Advisor LLC (the "Adviser") is responsible for providing management oversight, investment advisory services, day-to-day management of the Funds' assets, as well as compliance, sales, marketing, and operations services to the Funds. The Funds are investment companies and accordingly follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification (the "Codification") Topic 946 Financial Services – Investment Companies. The Funds do not hold themselves out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series of the Trust.

The Democratic Trading Fund seeks to achieve long-term capital appreciation by investing primarily in equity securities of publicly traded companies that sitting Democratic members of United States Congress and/or their families also have reported to have invested in through public disclosure filings made by such Congresspersons pursuant to the Stop Trading on Congressional Knowledge Act ("STOCK Act"). The Fund will focus on the equity securities purchased or sold by members of Congress who are registered members of the Democratic Party and their families. The Fund will not consider investments by any U.S. Congressperson who is not registered as a member of the Democratic Party (e.g., a U.S. Congressperson who is registered as an Independent but who may caucus as member of the Democratic Party).

The Republican Trading Fund seeks to achieve long-term capital appreciation by investing primarily in equity securities of publicly traded companies that sitting Republican members of United States Congress and/or their families also have reported to have invested in through public disclosure filings made by such Congresspersons pursuant to the Stop Trading on Congressional Knowledge Act ("STOCK Act"). The Fund will focus on the equity securities purchased or sold by members of Congress who are registered members of the Republican Party and their families. The Fund will not consider investments by any U.S. Congressperson who is not registered as a member of the Republican Party (e.g., a U.S. Congressperson who is registered as an Independent but who may caucus as member of the Republican Party).

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by the Funds in the preparation of its financial statements. These policies are in conformity with generally accepted accounting principles in the United States of America ("GAAP").

A. *Investment Valuation* – The following is a summary of the Funds' pricing procedures. It is intended to be a general discussion and may not necessarily reflect all the pricing procedures followed by the Funds. Equity securities, including common stocks, preferred stocks, and real estate investment trusts ("REITS") that are traded on a national securities exchange, except those listed on the Nasdaq Global Market®, Nasdaq Global Select Market® and the Nasdaq Capital Market® exchanges (collectively "Nasdaq"), are valued at the last reported sale price on that exchange on which the security is principally traded. Securities traded on Nasdaq will be valued at the Nasdaq Official Closing

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

Price ("NOCP"). If, on a particular day, an exchange traded or Nasdaq security does not trade, then the mean between most recent quoted bid and asked prices will be used. All equity securities that are not traded on a listed exchange are valued at the last sale price in the over-the-counter market. If a non-exchanged traded equity security does not trade on a particular day, then the mean between the last quoted closing bid and asked price will be used. To the extent these securities are actively traded, and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy.

In the case of foreign securities, the occurrence of events after the close of foreign markets, but prior to the time the Funds' NAV is calculated will result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. The Funds will value foreign securities at fair value, taking into account such events in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to seek profit by estimating the Funds' NAV in advance of the time the NAV is calculated. These securities are categorized in Level 2 of the fair value hierarchy.

Investments in registered open-end investment companies (including money market funds), other than exchange traded funds, are valued at their reported net asset values ("NAV"). To the extent these securities are valued at their NAV per share, they are categorized in Level 1 of the fair value hierarchy.

The Board of Trustees (the "Board") has adopted a pricing and valuation policy for use by the Funds and its Valuation Designee (as defined below) in calculating the Funds' NAV. Pursuant to Rule 2a-5 under the 1940 Act, the Funds have designated the Adviser as its "Valuation Designee" to perform all of the fair value determinations as well as to perform all of the responsibilities that may be performed by the Valuation Designee in accordance with Rule 2a-5. The Valuation Designee is authorized to make all necessary determinations of the fair values of the portfolio securities and other assets for which market quotations are not readily available or if it is deemed that the prices obtained from brokers and dealers, or independent pricing services are unreliable.

The Funds have adopted authoritative fair value accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value, a discussion in changes in valuation techniques and related inputs during the period and expanded disclosure of valuation levels for major security types. These inputs are summarized in the three broad levels listed below:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities that the Funds have the ability to access.
- Level 2 Observable inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing the Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The inputs or methodology used for valuing securities are not an indication of the risk associated with investing in those securities.

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

The following is a summary of the inputs used to value the Funds' securities by level within the fair value hierarchy as of March 31, 2023:

Democratic Trading Fund

Investments at Fair Value	Level 1	Level 2	Level 3	Total
Assets				
Common Stocks ⁽¹⁾	\$6,113,674	\$ —	\$ —	\$6,113,674
Exchange Traded Funds	174,129			174,129
Investment Companies	3,320			3,320
Short-Term Investments	10,378			10,378
Total	\$6,301,501	\$	\$	\$6,301,501
Republican Trading Fund				
Investments at Fair Value	Level 1	Level 2	Level 3	Total
Assets				
Common Stocks ⁽¹⁾	\$4,578,697	\$ —	\$ —	\$4,578,697
Exchange Traded Funds	197,872			197,872
Investment Companies	76,634			76,634
Short-Term Investments	13,908			13,908
Total	\$4,867,111	\$ —	\$ —	\$4,867,111

⁽¹⁾ Please refer to the Schedules of Investments to view Common Stocks segregated by industry type.

As of the period ended March 31, 2023, the Funds did not hold any level 3 securities, nor were there any transfers into or out of Level 3.

B. Foreign Securities and Currency Translation – Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Purchases and sales of investment securities and income and expense items denominated in foreign currencies are translated into U.S. dollar amounts on the respective dates of such transactions. The Funds do not isolate the portion of the results of operations from changes in foreign exchange rates on investments from the fluctuations arising from changes in market prices of securities held. Reported net realized foreign exchange gains or losses arise from sales of foreign currencies, and the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Funds' books and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains and losses arise from changes in the fair values of assets and liabilities, other than investments in securities at fiscal year-end, resulting from changes in exchange rates.

Investments in foreign securities entail certain risks. There may be a possibility of nationalization or expropriation of assets, confiscatory taxation, political or financial instability, and diplomatic developments that could affect the value of the Funds' investments in certain foreign countries. Since foreign securities normally are denominated and traded in foreign currencies, the value of the Funds' assets may be affected favorably or unfavorably by currency exchange rates, currency exchange control regulations, foreign withholding taxes, and restrictions or prohibitions on the repatriation of foreign currencies. There may be less information publicly available about a foreign issuer than

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

about a U.S. issuer, and foreign issuers are not generally subject to accounting, auditing, and financial reporting standards, and practices comparable to those in the United States. The securities of some foreign issuers are less liquid and at times more volatile than securities of comparable U.S. issuers.

- C. Cash and Cash Equivalents The Funds consider highly liquid short-term fixed income investments purchased with an original maturity of less than three months and money market funds to be cash equivalents. Cash equivalents are included in short term investments on the Schedule of Investments as well as in investments on the Statement of Assets and Liabilities. Temporary cash overdrafts are reported as payable to custodian.
- D. *Guarantees and Indemnifications* In the normal course of business, the Funds enter into contracts with service providers that contain general indemnification clauses. The Funds' maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Funds that have not yet occurred.
- E. Security Transactions, Income and Expenses The Funds follow industry practice and records security transactions on the trade date. Realized gains and losses on sales of securities are calculated on the basis of identified cost. Dividend income is recorded on the ex-dividend date and interest income and expense is recorded on an accrual basis. Withholding taxes on foreign dividends have been provided for in accordance with the Funds' understanding of the applicable country's tax rules and regulations. Discounts and premiums on securities purchased are amortized over the expected life of the respective securities. Interest income is accounted for on the accrual basis and includes amortization of premiums and accretion of discounts on the effective interest method.
- F. Share Valuation The NAV per share of the Funds is calculated by dividing the sum of the value of the securities held by the Funds, plus cash or other assets, minus all liabilities (including estimated accrued expenses) by the total number of shares outstanding for the Funds, rounded to the nearest cent. The Funds' shares will not be priced on days which the Cboe BZX Exchange, Inc. is closed for trading.
- G. *Use of Estimates* The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses during the reporting period. Actual results could differ from those estimates.
- H. Statement of Cash Flows Pursuant to the Cash Flows Topic of the Codification, the Funds qualify for an exemption from the requirement to provide a statement of cash flows and has elected not to provide a statement of cash flows.

3. RELATED PARTY TRANSACTIONS

The Trust has an agreement with the Adviser to furnish investment advisory services to the Funds'. Pursuant to an Investment Advisory Agreement between the Trust and the Adviser, the Adviser is entitled to receive, on a monthly basis, a unified management fee (accrued daily) based upon the average daily net assets of the Funds at the annual rate of 0.75%.

The Adviser has retained Toroso Investments, LLC ("sub-adviser") to serve as sub-adviser to the Funds. The sub-adviser is responsible for trading portfolio securities for the Funds, including selecting broker-dealers to execute purchase and sale transactions, subject to the supervision of the Adviser and the Board. Fees associated with these services are paid to the sub-adviser by the Adviser.

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

Under the Investment Advisory Agreement, the Adviser has agreed to pay all expenses of the Funds except for the fee paid to the Adviser pursuant to the Investment Advisory Agreement, interest charges on any borrowings, taxes, brokerage commissions and other expenses incurred in placing orders for the purchase and sale of securities and other investment instruments, acquired fund fees and expenses, accrued deferred tax liability, extraordinary expenses, and distribution fees and expenses paid by the Trust under any distribution plan adopted pursuant to Rule 12b-1 under the 1940 Act.

The Advisory Agreement continues in effect for an initial two year period, and from year to year thereafter only if such continuance is specifically approved at least annually by the Board or by vote of a majority of the Funds' outstanding voting securities and by a majority of the Independent Trustees, who are not parties to the Advisory Agreement or interested persons of any such party, in each case cast in person at a meeting called for the purpose of voting on the Advisory Agreement. The Advisory Agreement is terminable without penalty by the Trust on behalf of a Fund on not more than 60 days', nor less than 30 days', written notice to the Adviser when authorized either by a majority vote of the Funds' shareholders or by a vote of a majority of the Trustees, or by the Adviser on not more than 60 days' written notice to the Trust, and will automatically terminate in the event of its "assignment" (as defined in the 1940 Act). The Advisory Agreement provides that the Adviser shall not be liable under such agreement for any error of judgment or mistake of law or for any loss arising out of any investment or for any act or omission in the execution of portfolio transactions for the Funds, except for willful misfeasance, bad faith or gross negligence in the performance of its duties, or by reason of reckless disregard of its obligations and duties thereunder.

U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services ("Fund Services" or "Administrator") acts as the Funds' Administrator, transfer agent, and fund accountant. U.S. Bank N.A. (the "Custodian") serves as the custodian to the Funds. The Custodian is an affiliate of the Administrator. The Administrator performs various administrative and accounting services for the Funds. The Administrator prepares various federal and state regulatory filings, reports and returns for the Funds; prepares reports and materials to be supplied to the Board; monitors the activities of the Funds' custodian; coordinates the payment of the Funds' expenses and reviews the Funds' expense accruals. The officers of the Trust, including the Chief Compliance Officer, are employees of the Administrator. A trustee of the Trust is an officer of the Administrator. As compensation for its services, the Administrator is entitled to a monthly fee at an annual rate based upon the average daily net assets of the Funds, subject to annual minimums. The Advisor has agreed to pay all expenses of the Funds' Administrator, transfer agent, fund accountant and custodian in accordance with the Investment Advisory Agreement.

Quasar Distributors, LLC is the Funds' distributor (the "Distributor"). The Distributor is not affiliated with the Adviser, Fund Services, or its affiliated companies.

4. TAX FOOTNOTE

Federal Income Taxes – The Funds intend to comply with the requirements of Subchapter M of the Internal Revenue Code of 1986, as amended, necessary to qualify as a regulated investment company and distributes substantially all net taxable investment income and net realized gains to shareholders in a manner which results in no tax cost to the Funds. Therefore, no federal income or excise tax provision is required. As of, and during the period ended March 31, 2023, the Funds did not have any tax positions that did not meet the "more-likely-than-not" threshold of being sustained by the applicable tax authority and did not have liabilities for any unrecognized tax benefits. The Funds recognizes interest and penalties, if any, related to unrecognized tax benefits on uncertain tax positions as income tax expense in the Statement of Operations. The Funds are subject to examination by taxing authorities for the tax periods since the commencement of operations.

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

Distributions to Shareholders – The Funds intend to distribute all net investment income and net realized gains at least annually. Distributions to shareholders are recorded on the ex-dividend date. The treatment for financial reporting purposes of distributions made to shareholders during the year from net investment income or net realized capital gains may differ from their treatment for federal income tax purposes. These differences are caused primarily by differences in the timing of the recognition of certain components of income, expense or realized capital gain for federal income tax purposes. Where such differences are permanent in nature, GAAP requires that they be reclassified in the components of the net assets based on their ultimate characterization for federal income tax purposes. Any such reclassifications will have no effect on net assets, results of operations or net asset values per share of the Funds.

For the period ended March 31, 2023, the Funds did not make any distributions to shareholders.

5. DISTRIBUTION FEES

The Board has adopted a Distribution and Service Plan pursuant to Rule 12b-1 under the 1940 Act ("the Plan"). In accordance with the Plan, the Funds are authorized to pay an amount up to 0.25% of the Funds' average daily net assets each year for certain distribution-related activities. As authorized by the Board, no Rule 12b-1 fees are currently paid by the Funds and there are no plans to impose these fees. However, in the event Rule 12b-1 fees are charged in the future, they will be paid out of the Funds' assets. The Adviser and its affiliates may, out of their own resources, pay amounts to third parties for distribution or marketing services on behalf of the Funds.

6. SHARE TRANSACTIONS

Shares of the Funds are listed and trade on the Cboe BZX Exchange, Inc. Market prices for the shares may be different from their NAV. The Fund issues and redeems shares on a continuous basis at NAV generally in blocks of 25,000 shares called "Creation Units." Creation Units are issued and redeemed principally in-kind for securities included in a specified universe. Once created, shares generally trade in the secondary market at market prices that change throughout the day. Except when aggregated in Creation Units, shares are not redeemable securities of the Fund. Creation Units may only be purchased or redeemed by certain financial institutions ("Authorized Participants"). An Authorized Participant is either (i) a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation or (ii) a Depository Trust Company participant and, in each case, must have executed a Participant Agreement with the Distributor. Most retail investors do not qualify as Authorized Participants nor have the resources to buy and sell whole Creation Units. Therefore, they are unable to purchase or redeem shares directly from the Funds. Rather, most retail investors may purchase shares in the secondary market with the assistance of a broker and are subject to customary brokerage commissions or fees.

A fixed transaction fee is imposed for the transfer and other transaction costs associated with the purchase or sale of Creation Units. The standard fixed transaction fee for the Fund is \$500, payable to the Custodian. The fixed transaction fee may be waived on certain orders if the Funds' Custodian has determined to waive some or all of the creation order costs associated with the order, or another party, such as the Adviser, has agreed to pay such fee. In addition, a variable fee, payable to the Fund, may be charged on all cash transactions or substitutes for Creation Units of up to a maximum of 2% as a percentage of the value of the Creation Units subject to the transaction. Variable fees received by the Funds, if any, are displayed in the Capital Shares Transactions section of the Statements of Changes in Net Assets. The Funds may issue an unlimited number of shares of beneficial interest, with no par value. All shares of the Funds have equal rights and privileges.

Notes to the Financial Statements (Unaudited) – Continued March 31, 2023

7. INVESTMENT TRANSACTIONS

The aggregate purchases and sales (excluding short-term investments), creations in-kind and redemptions in-kind, by the Funds for the period ended March 31, 2023, were as follows:

Democratic Trading Fund

	Purchases	Sales	Creations In-Kind	Redemptions In-Kind
U.S. Government	\$ —	\$ —	\$ —	\$ —
Other	1,166,167	551,901	6,205,561	582,527

Republican Trading Fund

	Purchases	Sales	Creations In-Kind	Redemptions In-Kind
U.S. Government	\$ —	\$ —	\$ —	\$ —
Other	1,240,149	524,408	4.224.038	

8. BENEFICIAL OWNERSHIP

The beneficial ownership, either directly or indirectly, of more than 25% of the voting securities of a fund creates a presumption of control of the fund, under Section 2(a)(9) of the Investment Company Act of 1940. As of March 31, 2023, no individuals, or entities, for the benefit of their customers, owned more than 25% of the outstanding shares of the Funds. Shareholders with a controlling interest could affect the outcome of proxy voting or direction of management of the Funds.

9. RECENT MARKET EVENTS RISK

One or more markets in which the Funds invest may go down in value, including the possibility that the markets will go down sharply and unpredictably. This may be due to numerous factors, including interest rates, the outlook for corporate profits, the health of the national and world economies, national and world social and political events, and the fluctuation of other stock markets around the world. The global pandemic outbreak of an infectious respiratory illness caused by a novel coronavirus known as COVID-19 and subsequent efforts to contain its spread have resulted and may continue to result in, among other things, substantial market volatility and reduced liquidity in financial markets; exchange trading suspensions and closures; higher default rates; travel restrictions and disruptions; significant global disruptions to business operations and supply chains; lower consumer demand for goods and services; significant job losses and increasing unemployment; event and service cancellations and restrictions; significant challenges in healthcare service preparation and delivery; prolonged quarantines; and general concern and uncertainty. The impact of this pandemic and any other public health emergencies (such as any other epidemics or pandemics) that may arise in the future could adversely affect the economies of many nations or the entire global economy and the financial performance of the individual issuers, sectors, industries, asset classes, and markets in significant and unforeseen ways.

10. SUBSEQUENT EVENTS

Management has evaluated events and transactions for potential recognition or disclosure through the date the financial statements were issued. There were no subsequent events to report that would have a material impact on the Fund's financial statements and notes to the financial statements.

BOARD CONSIDERATION OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) MARCH 31, 2023

Under Section 15 of the Investment Company Act of 1940 (the "1940 Act"), the Board of Trustees (the "Board") of Series Portfolios Trust (the "Trust"), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and who are not "interested persons" of the Trust, as defined in the 1940 Act (the "Independent Trustees"), must approve the investment advisory agreement for any new fund of the Trust.

In this regard, at a meeting held on December 16, 2022 (the "Meeting"), the Board, including the Independent Trustees, considered and unanimously approved an advisory agreement (the "Advisory Agreement") between the Trust, on behalf of its series, the Unusual Whales Subversive Democratic Trading ETF and the Unusual Whales Subversive Republican Trading ETF (each a "Fund" or together, the "Funds") and Subversive Capital Advisor LLC ("Subversive"), for an initial two-year term. At the Meeting, the Board considered the factors and reached the conclusions described below in selecting Subversive to serve as the Funds' investment adviser and approving the Advisory Agreement.

In advance of the Meeting, Subversive provided information to the Board in response to requests submitted to it by the Trust's administrator, on behalf of the Trustees, to facilitate the Board's evaluation of the terms of the Advisory Agreement. The information furnished by Subversive included materials describing, among other things: (i) the nature, extent, and quality of the services to be provided to the Funds by Subversive; (ii) the investment performance of the strategy to be used in managing the Funds; (iii) each Fund's overall fees and operating expenses, including the proposed unified management fee payable to Subversive, compared with those of a peer group of registered funds; and (iv) potential "fall-out" benefits Subversive may receive based on its relationship with the Fund. In addition, the Board considered such additional information as it deemed reasonably necessary to evaluate the Advisory Agreement with respect to each Fund, which included information furnished to the Board at its meetings throughout the year in connection with Subversive's management of an existing series of the Trust, as well as information specifically prepared in connection with the approval of the Advisory Agreement that was presented at the Board's meeting held on October 26-27, 2022 and the Meeting. The Board also considered the presentation by representatives of Subversive received at the Meeting.

In considering and approving the Advisory Agreement, the Board considered the information it believed relevant, including, but not limited to, the information discussed below. The Board did not identify any particular information or consideration that was all-important or controlling, and each individual Trustee may have attributed different weights to various factors.

The Independent Trustees were assisted in their evaluation of the Advisory Agreement by independent legal counsel, from whom they received separate legal advice and with whom they met separately from Subversive, the Interested Trustee, and management. The following summarizes a number of relevant, but not necessarily all, factors considered by the Board in reaching its determination.

NATURE, EXTENT AND QUALITY OF SERVICES

The Board received and considered various information regarding the nature, extent and quality of services proposed to be provided to the Fund by Subversive under the Advisory Agreement. This information included, among other things, the qualifications, background, tenure and responsibilities of the portfolio managers who will be primarily responsible for the day-to-day management of the Funds. The Board also noted that Subversive would provide investment advisory services in connection with selecting, monitoring and supervising each Fund's sub-adviser, and that Subversive had recommended to the Board that Toroso Investments, LLC ("Toroso") be appointed as the sub-

BOARD CONSIDERATION OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) – CONTINUED MARCH 31, 2023

adviser to the Funds. In this regard, the Board evaluated information about the nature and extent of responsibilities retained and risks assumed by Subversive that were not proposed to be delegated to or assumed by Toroso. The Board considered that Subversive would oversee Toroso's process for monitoring best execution of portfolio trades and other trading operations.

The Board also considered information about Subversive's plans with respect to each Fund's investment process and portfolio strategy, the approach to security selection and the overall positioning of each Fund's portfolio. The Board considered the unique characteristics of each Fund's thematic investment strategy. The Board evaluated the ability of Subversive, based on attributes such as its financial condition, resources and reputation, to attract and retain qualified investment professionals, including research, advisory and supervisory personnel. The Board further considered the compliance program and compliance record of Subversive.

The Board considered the special attributes of each Fund as an exchange-traded fund ("ETF") relative to a traditional mutual fund and the benefits that are expected to be realized from such a structure. The Board also considered the resources committed by Subversive to support the on-going operations of each Fund.

INVESTMENT PERFORMANCE

The Board reviewed Subversive's process for identifying and selecting investments for inclusion in each Fund's portfolio. The Board acknowledged that each Fund is newly formed and has no actual investment performance record. The Board then reviewed Subversive's representations with respect to backtested performance of each Fund. The Board then noted that it would have the opportunity to review each Fund's actual performance on an on-going basis after its launch and in connection with future reviews of the Advisory Agreement.

FUND EXPENSES AND INVESTMENT MANAGEMENT FEE RATE

The Board received and considered information regarding each Fund's proposed management fee and anticipated total operating expense ratio.

The Board considered each Fund's anticipated total expense ratio in comparison to the average and median ratios of funds in an expense group (the "Expense Group") that was derived from information provided by Morningstar, Inc., an independent provider of investment company data, based on screening criteria applied by the Trust's administrator in consultation with Subversive. The Board received a description of the methodology and screening criteria used by the Trust's administrator to select the registered funds and share classes in the Expense Group. The Board considered the inherent limitations of comparisons to the Expense Group in light of uncertainty as to how the fees of other funds in the Expense Group are set and potentially material differences between the Funds and such other funds. The Board also reviewed each Fund's anticipated total expense ratio in comparison to the expense ratios of a peer group of funds selected by Subversive. The Board noted it would be able to reevaluate fees in the future in the context of future contract renewals.

The Board reviewed and considered the contractual investment management fee rate that would be payable by each Fund to Subversive for investment advisory services (the "Management Fee Rate"). Among other information reviewed by the Board was a comparison of the Management Fee Rate of each Fund with those of other funds in the Expense Group. The Board noted the Management Fee Rate of each Fund is higher than the Expense Group's average and median rates, but the Board noted that the overall expense structure of each Fund is competitive in the context of other factors considered by the Board. In this regard, the Board was informed by Subversive that the funds in the

BOARD CONSIDERATION OF INVESTMENT ADVISORY AGREEMENT (UNAUDITED) – CONTINUED MARCH 31, 2023

Expense Group may vary widely in their complexity. The Board also took into consideration each Fund's "unified fee" structure, under which Subversive would, in addition to providing investment management services, bear the costs of various third-party services necessary for the Fund to operate. The Board considered that, other than the management fee, Subversive would pay all operating expenses of each Fund, except for certain costs such as interest, brokerage, acquired fund fees and expenses, extraordinary expenses, and, to the extent it is implemented, fees pursuant to a Distribution and/or Shareholder Servicing (12b-1) Plan.

The Board then noted that Subversive does not manage any accounts with the same or similar strategies as proposed for the Funds. Based on its consideration of the factors and information it deemed relevant, including those described above, the Board determined that the Management Fee Rate is reasonable in light of the services to be covered by the Advisory Agreement.

PROFITABILITY

The Board acknowledged that there is no actual information about Subversive's profitability earned from each Fund but considered information about Subversive's projected profitability based on a set of assumptions described to the Board. The Board noted that it would have an opportunity to review information about actual profitability earned from each Fund in the context of future contract renewals.

ECONOMIES OF SCALE

With respect to possible economies of scale, the Board considered that the Funds have not yet commenced operations and that Subversive did not present the Board with information regarding the extent to which economies of scale are expected to be realized as the assets of the Funds grow. The Board noted that the amount and structure of each Fund's unified fee contemplates a sharing of economies of scale with Fund shareholders. The Board also considered that any reduction in fixed costs associated with the management of the Funds would benefit Subversive due to the unified fee structure of the Funds, but that the unified fee would protect shareholders from a rise in operating costs and/or a decline in Fund assets and is a transparent means of informing each Fund's shareholders of the fees associated with the Fund. The Board noted that it would have an opportunity to consider economies of scale in the context of future contract renewals.

OTHER BENEFITS TO SUBVERSIVE

The Board received and considered information regarding potential "fall-out" or ancillary benefits to Subversive, as a result of its relationship with the Funds. Ancillary benefits could include, among others, benefits attributable to research credits generated by a Fund's portfolio transactions.

CONCLUSION

After considering the above-described factors and based on its deliberations and its evaluation of the information described above, among other information and factors deemed relevant by the Board, the Board unanimously approved the Advisory Agreement for an initial two-year term.

BOARD CONSIDERATION OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) MARCH 31, 2023

Under Section 15 of the Investment Company Act of 1940 (the "1940 Act"), the Board of Trustees (the "Board") of Series Portfolios Trust (the "Trust"), including a majority of the Trustees who have no direct or indirect interest in the investment advisory agreement and who are not "interested persons" of the Trust, as defined in the 1940 Act (the "Independent Trustees"), must approve the investment advisory agreement for any new fund of the Trust.

In this regard, at a meeting held on December 16, 2022 (the "Meeting"), the Board, including the Independent Trustees, considered and unanimously approved an investment sub-advisory agreement (the "Sub-Advisory Agreement") between Subversive Capital Advisor LLC ("Subversive") and Toroso Investments, LLC ("Toroso"), with respect to the Unusual Whales Subversive Democratic Trading ETF and the Unusual Whales Subversive Republican Trading ETF (the "Funds") for an initial two-year term. At the Meeting, the Board considered the factors and reached the conclusions described below in selecting Toroso to serve as the Funds' sub-adviser and approving the Advisory Agreement.

In advance of the Meeting, Toroso provided information to the Board in response to requests submitted to it by the Trust's administrator, on behalf of the Trustees, to facilitate the Board's evaluation of the terms of the Sub-Advisory Agreement. The information furnished by Toroso included materials describing, among other things: (i) the nature, extent, and quality of the services proposed to be provided to the Funds by Toroso; (ii) the proposed sub-advisory fee payable to Toroso by Subversive; and (iii) potential "fall-out" benefits Toroso may receive based on its relationship with the Funds. In addition, the Board considered such additional information as it deemed reasonably necessary to evaluate the Sub-Advisory Agreement with respect to each Fund, which included information specifically prepared in connection with the approval of the Sub-Advisory Agreement that was presented at the Board's meeting held on October 26-27, 2022 and the Meeting. The Board also considered the presentation by a representative of Toroso received at the Meeting.

In considering and approving the Sub-Advisory Agreement, the Board considered the information it believed relevant, including, but not limited to, the information discussed below. The Board did not identify any particular information or consideration that was all-important or controlling, and each individual Trustee may have attributed different weights to various factors.

The Independent Trustees were assisted in their evaluation of the Sub-Advisory Agreement by independent legal counsel, from whom they received separate legal advice and with whom they met separately from Subversive and Toroso, the Interested Trustee, and management. The following summarizes a number of relevant, but not necessarily all, factors considered by the Board in reaching its determination.

NATURE, EXTENT AND QUALITY OF SERVICES

The Trustees considered the nature, extent and quality of services proposed to be provided by Toroso to the Funds. The Trustees considered Toroso's specific responsibilities with respect to the Funds, noting that Toroso would be responsible for trading portfolio securities for the Funds, including selecting broker-dealers to execute purchase and sale transactions or in connection with any rebalancing of the Funds, subject to the supervision of the Subversive. The Board considered Toroso's trade execution capabilities and experience. The Board discussed the qualifications, experience and responsibilities of the personnel at Toroso who would be responsible for implementing the securities trading for the Funds. The Trustees concluded that Toroso had sufficient quality and depth of personnel, resources, trading methods and compliance policies and procedures essential to performing its duties under the Toroso Sub-Advisory Agreement and that the nature, overall quality and extent of the services proposed to be provided to the Funds were satisfactory.

BOARD CONSIDERATION OF INVESTMENT SUB-ADVISORY AGREEMENT (UNAUDITED) – CONTINUED MARCH 31, 2023

INVESTMENT PERFORMANCE

In assessing the portfolio management services to be provided by Toroso, the Board considered that Toroso would not be responsible for making specific investment decisions for the Funds but would instead be responsible for trading portfolio securities for the Funds. The Trustees concluded that the Fund and its shareholders were likely to benefit from Toroso's responsibilities under the Toroso Sub-Advisory Agreement.

FUND EXPENSES, SUB-ADVISORY FEE RATE AND PROFITABILITY OF THE SUB-ADVISER

The Trustees reviewed and considered the sub-advisory fees payable by Subversive to Toroso under the Toroso Sub-Advisory Agreement. The Trustees considered that, since Toroso's sub-advisory fees would be paid by Subversive, the management fee paid by a Fund would not be directly affected by Toroso's sub-advisory fee. The Board also considered statements from Subversive and Toroso that Toroso's fees were negotiated at arm's length. Consequently, the Trustees concluded that the costs of services to be provided by Toroso and its profitability from its relationship with the Funds were less relevant factors with respect to the Board's consideration of the Sub-Advisory Agreement. Based on all these factors, the Trustees concluded that the sub-advisory fees to be paid to Toroso by Subversive were reasonable in light of the services to be provided under the Toroso Sub-Advisory Agreement.

ECONOMIES OF SCALE AND FEE LEVELS REFLECTING THOSE ECONOMIES

Because the sub-advisory fee is not paid by the Funds, the Board did not consider whether the sub-advisory fees should reflect any potential economies of scale that might be realized as a Fund's assets increase.

OTHER BENEFITS TO TOROSO

The Trustees considered the direct and indirect benefits that could be realized by Toroso and its affiliates from its relationship with the Funds. The Trustees considered that Toroso may receive some form of reputational benefit from services rendered to the Funds, but that such benefits are immaterial and cannot otherwise be quantified.

CONCLUSION

After considering the above-described factors and based on its deliberations and its evaluation of the information described above, among other information and factors deemed relevant by the Board, the Board unanimously approved the Toroso Sub-Advisory Agreement for an initial two-year term.

Additional Information (Unaudited) March 31, 2023

AVAILABILITY OF FUND PORTFOLIO INFORMATION

The Funds file complete schedules of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Part F of Form N-PORT, which is available on the SEC's website at www.sec.gov. The Funds' Part F of Form N-PORT may be reviewed and copied at the SEC's Public Reference Room in Washington, D.C. For information on the Public Reference Room call 1-800-SEC-0330. In addition, the Funds' Part F of Form N-PORT is available without charge upon request by calling 1-800-617-0004.

AVAILABILITY OF PROXY VOTING INFORMATION

A description of the Funds' Proxy Voting Policies and Procedures is available without charge, upon request, by calling 1-800-617-0004. Information regarding how the Funds voted proxies relating to portfolio securities during the most recent period ended June 30, is available (1) without charge, upon request, by calling 1-800-617-0004, or on the SEC's website at www.sec.gov.

FREQUENCY DISTRIBUTION OF PREMIUMS AND DISCOUNTS

Information regarding how often shares of the Funds trade on the exchange at a price about (i.e. at a premium) or below (i.e. at a discount) the NAV of the Funds are available, without charge on the Funds' website at www.subversive.com/ETFs.

PRIVACY NOTICE (UNAUDITED)

The Fund collects non-public information about you from the following sources:

- Information we receive about you on applications or other forms;
- Information you give us orally; and/or
- Information about your transactions with us or others

We do not disclose any non-public personal information about our customers or former customers without the customer's authorization, except as permitted by law. We may share information with affiliated and unaffiliated third parties with whom we have contracts for servicing the Fund. We will provide unaffiliated third parties with only the information necessary to carry out their assigned responsibilities. We maintain physical, electronic and procedural safeguards to guard your personal information and require third parties to treat your personal information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, or trust company, the privacy policy of your financial intermediary would govern how your non-public personal information would be shared with unaffiliated third parties.
